Application for Temporary Permit to Conduct Facility Tours

Pursuant to the Rules of the Georgia Department of Revenue, manufacturers of distilled spirits and malt beverages must apply to the Commissioner for an annual permit authorizing such manufacturers to conduct facility tours on the licensed premises of the manufacturer, free of charge, or for a fee. This form should be used to apply for a temporary tour permit that will be effective until your next manufacturer's license application. Another tour permit application process will be available at the time of license renewal and will be submitted in conjunction with the license renewal process.

Upon completion and approval of the application, the manufacturer designated as the applicant will be permitted to conduct facility tours.
